Sabeel is an ecumenical organization which works with Palestinian Christians on human rights and peace and reconciliation in the Middle East. Inspired by the life and teaching of Jesus Christ, Sabeel strives to deepen the faith of Palestinian Christians and inspire them to social action through liberation theology. Sabeel strives focuses on building love, justice, peace, nonviolence, liberation and reconciliation for the different national and faith communities.

Sabeel also works to promote a more accurate international awareness regarding the identity, presence and witness of Palestinian Christians. It encourages individuals and groups from around the world to work for a just, comprehensive and enduring peace informed by truth and empowered by prayer and action.

Every year, Sabeel hosts a young adult conference in Jerusalem to create awareness about the current conflict between Israel and Palestine. The PCC has sent youth delegations in the past two years and all have returned reporting an eye-opening and a life-changing experience as a result of the conference. If you are interested in these issues or are seeking a career in international development, peace building or advocacy, then The Presbyterian Church in Canada would like to send you to this conference.
